For several rears I have conducted one of the largest public landries in N.Y. at present I am innong out 35 pieces daily. I have been compelled also to investigate and test the various Washing Machines of the day, and cam truly ay that the "Union," sold by I. MULE RACES.—The Managers of the Fair offer premiums for the fastest, as well as the slowest mule under the saddle. Make your entries, gentlemen, and you will be entitled to an exhibitor's ticket, good during the fair.

MEETING AT THE LIBRARY.—All stockholders in the Wheeling Library Association, should bear in mind that a meeting is called at the Library Room, this evening at 7 o'clock. It is highly important that the attendance should be full, as business of great importance is to be transacted.

TOROHLIGHT PROCESSION.—There is to be a grand demonstration and torch-light procession in the city on next. Thursday night. Active preparations are being made for the occasion by the various Union Clubs, and we may ex-pect the biggest political gathering the city has yet had.

MERTING AT TRIADELPHIA.—There was grand turn out of Union men at Triadelphia Saturday afternoon. Over three hundred went out from this city alone by the free train on the Hempfield Railroad. The meeting was addressed in a very brilliant and effective manner by Hon. Benjamin Stanton and W. P. Hubbard, Esq.

COMMENCEMENT OF THE FAIR.-The ommences to-morrow, and the ons now point to a brilliant. It is probable there will be a success. It is probable there will be a fuller exhibition in all departments of industry than at any previous Fairs held on the Island. The arrangements for stock are complete. Floral Hall has been fitted up in superb style. The track has been plowed and rolled, and is now in the very best condition. The display of horsefiesh will be very fine. And to crown the whole thing, the world-remowned trotting horses, Detter and Patokes, will go for a purse of \$2,000.

BESGING FOR A NIGHT'S LODGING.—
On Saturday night, officer Price was accested by an individual in a forlorn condition, who represented that he had came from Richmond, was sick and had no money, and that he wanted some place to sleep. The officer stated that he could put him in but one place, and that was the lock-up,—if he was willing to go there he might and welcome. The individual was only too glad to embrace the opportunity to find a resting place, and was conducted to his quarters. After a night's rest upon the bare planks of the lock-up, he took his departure Sunday morning.

LATEST FROM CHINA.—The latest now.

LATEST FROM CHINA.—The latest nov-tity that has appeared on our streets als season, has been imported directly our China, and consists of an inde-cribable hobbling walk for young la-les, as if they were seriously afflicted ith several excruciating corns and unions on each foot. On first observ-ing it we thought there was a "put on" bout the matter, but, as our walk ex-suded, we saw that all ladies, making my pretensions whatever to style, were

and 10th.

Clay Township.—At the Sheriff's offloe, October 11th, 12th and 13th.

Residents of the above Townships
should bear in mind that they can secure a reduction of 2½ per cent. on their
flats Tax, by paying all their taxes at
the times and places specified, or at the
Sheriff's office on or before the 15th day
of October.

Two DEAD BODIES FOUND IN THE ORIO.—In our issue for the 26th of September last, appeared a notice of the drowning of a little girl, the daughter of Lieut M. W. Selby, of Palatine, late of the 8th W. Va Cav. The child, it will be remembered, was pushed off the fetry boat at Bellair in the early morning, and, as the riverjwas high at the time, was immediately swept away. On Saturday, we learned that the body of a child, answering the description of the one drowned off the ferry boat, was on Friday, found floating in the river near Wege, with the arms stretched wide apars, which was buried at that place. The next day (Saturday) the body of another child, also answering the same description, was found in the river at Moundaville. One of these is the body of Lieut. Selby's child.

The finding of two bodies is accounted for in this way: A gentleman at Benwood informed us that a sequentiance of his had told him that he had seen a notice in a paper of the drowning of a little girl some time since off a rate, somewhere between this city and Pittsburg. We have not seen the notice in question, but have no doubt of the correctness of the statement in reference to it.

WHILE the Union procession. Saturday highly on its way to be Balle Hall, was passing the Hope Hose House, an enthusiastic firman, what knows what he is about and trains with Union men.

Sometruso, New Bald heapen Men and

have obtained more precise information relative to the above related arrest. It appears that the fireman, Milton Graham, was not arrested for tapping the fire bell, but for running a reel into the street; and that, although he was taken to the lock-up, he was not put in one of the cages, but was left in charge of Alex. Wallace, the lock-up keeper, while the officer, Brady, who made the arrest, went outside for information in regard to the matter; that no attempt was made by firemen to release him; and that as soon as the true state of the case was made manifest, he was immediately set at liberty.

ECLIPSE OF THE SUN,-To-day ther

ECLIPSE OF THE SUN.—To-day there will be a partial colipse of the sun, which will be visible in New England, and in that part of the State of New York which is northeast of a line drawn on a map from the city of Rochester to the light-house on Fire Island, Long Island; southwest of which line there will not be any obscuration whatever; indeed, even where it will be the largest (latitude 72 degrees north, longitude 3 degrees west,) but little more than half of the sun will be colleged. At St. John's, Newfoundland, about three tenths will be obscured; at Bowdoin College about an eighth, and in Bath only about an eightheast, while at New Haven and Poughkeepsie the indentation of the moon into the sun's disc will be so very amall, it is doubtful whether it can be seen through colored glass without the aid of a telescope. This will be the last eclipse of the sun visible in the United States until the magnificent one of August 7, 1809, when the shadow of the moon will pass over and produce a total eclipse in part of seven States.

Ruffiansw.—On Saturday evening.

one of them knocked nim down. They then left.
Immediately after, an officer passing by was informed by Mr. C. of what had taken place, but the rufflans could not be found, although most diligent search was made for them in various quarters of the city.

MEETING AT LA BELLE.—The demonstration at La Belle Hall, Saturday night, was a magnificent affair.

A large procession, consisting of Boys in Blue and other Union Voters, was formed at the Union Club Room, at the corner of Market and Monroe streets, and, headed by the inspiring music of his and drum, marched to La Belle. While on the way the procession was met by the members of Co, B, 1st Reg!t W. Va. Boys in Blue, with the Mechanics Brass Band of Ritchietown, who took up position in the column.

Speeches were made by Hon. Benjamin Staton, G. B, Caidwell and E, M. Norton, Eag's.

Norton, Esq's.

ATTENTION LADIES!—The Committee on Floral Hall have spared neither labor nor expense to make it a specialty. Tables have been provided especially for the contributions of the ladies who have heretofore given this Hall its main attractions, and the committee expect them to bring in their articles for exhibition now, such as needle work, shell work, wax flowers, paintings, flowers and curiosities, preserved fruits, jellies, wines, cordials, piekles, &c., &c. Ladies send in your specimens and get an exhibitor's ticket.

UNADULTERATED DIABOLISM.—A curlous friend of ours once asked us where the devils went, after they had succeeded in driving down the steep hillside into the sea that devoted drove of swine. This question we have neverbeen able to answer until now, and the solution is to be found in the fact that, on Saturday night, between 10 and 11 o'clock, an individual ran into the Hope House, turned off the gas, rang the bell and created a false alarm o the bell and created a false alarm o

tended, we saw that all ladies, making any pretensions whatever to style, were afficted with the same complaint. At last it dawned upon us that it was the latest fashion.

Not many years since Jenny Lind agility was displayed by ladies on our streets, in our parlors, and everywhere else,—just now excruciating pedals are the rage.

Notice to Tax-Payers.—Sheriff Seybold and his assistants will be prepared to receive State, County and School taxes, assessed for the year 1860, at the following times and places:

Ritchie Township.—At the South Wheeling School House, October Sth, 9th and 10th.

Liberty Township.—At the Valley

ACCIDENT ON THE CARS.—As the train on the Hempfield R. R. was returning, Saturday evening, from Triadelphis to this city, laden with those who had attended the Union meeting

DHED OF CHOLERA.—On Thursday last, a short time after the New State had left this port for Parkersburg, a deck-hand, named Fowler, from Sardis, Ohio, died of cholers, or a disease resembling it. Before the boat left the whart, he had been taken sick, and a physician, who was sent for and attended him, pronounced the disease to be cholera morbus.

WE are glad to notice the return of our fellow citizen, Thomas Hornbrook, Esq., from a visit of some weeks to the East. His health, we are pleased to state, is much better than when he left.

MATCH GAME OF BASE BALL.—A very interesting game of Base Ball was played on the Island, Saturday-afternoon, between the Hunkidori and Anchor clubs of this city. After the couclusion of the game, Mr? Ewing, on behalf of the Hunkidoris, presented the Anchors with a handsome Belt, beautifully stitched and having a silver plate on the front, on which was engraved. "Presented to the Anchor B. B. C. of Wheeling, W. Va., Oct. 6th 1866, by the Hunkidori B. B. C." On the back of the Reit was the word "Anchor" in silver letters.

This move, although highly gratifying to the Anchors, took them completely by surprise. Mr. Starling, however, proved himself equal to the occasion, and in a highly eloquent manner responded for them
